Your Next Mission

Preparing For Civvy Street!

If you're coming from the Armed Forces, you've got skills, discipline, and experience that most can only dream of. But when it's time to swap the uniform for a civilian career, figuring out your next step can be quite a challenge.

The **Enhanced Learning Credits Scheme (ELCAS)** exists to bridge that gap. It allows serving personnel, service leavers, and veterans to use service-earned funding towards UK-accredited qualifications that support a move into civilian roles.

As an **ELCAS-approved training provider**, you'll be supported throughout your course. Your training is designed to meet industry expectations and build on the experience you already have. You'll follow a clear learning path, with one-to-one tutor support and assessments focused on the skills you'll use in civilian roles.

Qualifications are aligned with civilian job roles across:

- **Cyber Security**
- **Management & Leadership (CMI)**
- **Human Resources (CIPD)**
- **Project Management**
- **Data Analysis & IT**
- **Business Analysis**

YOU'LL GET:

✓ **ACCESS TO FUNDED PROFESSIONAL QUALIFICATIONS**

Use your ELC credits to earn UK-accredited certifications that employers trust.

✓ **PERSONALISED CAREER GUIDANCE**

Our expert advisors help you choose the right course for your skills and goals.

✓ **STUDENT SUPPORT FROM ENROLMENT TO EMPLOYMENT**

We're with you the whole way: study coaches, exam prep, and job search support included.

Your Journey With US

This outlines how the ELCAS process works, from choosing a course to completing your qualification. The focus is on clarity and support at each stage.

How It Works:

1

Talk to our Career Advisors

Start with a conversation about your experience, interests, and career direction. This helps identify a course that aligns with your background and goals.

2

Say 'Yes!' to Your Future

Once you've selected a courses, we help you register and submit your ELCAS claim so you understand what's covered and what's required.

4

Get Certified

Once your contribution is received, you gain immediate access to your online course. You can begin learning straight away, with access to your course materials and one-to-one tutor support throughout your studies.

3

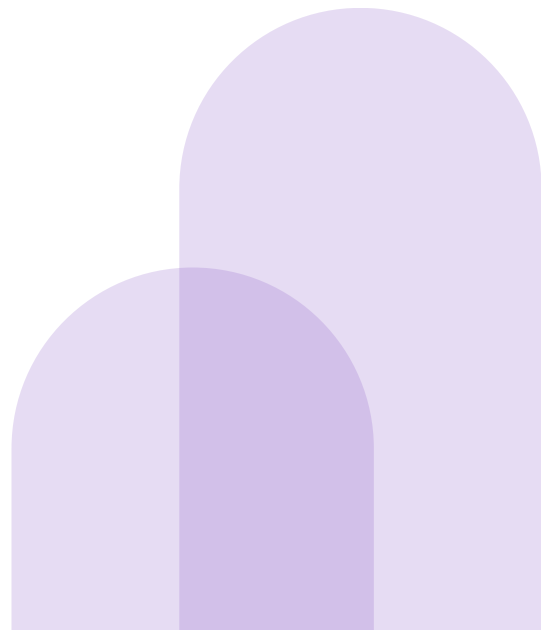

Start Your Journey

Immediately access your online course, join community forums, and connect with tutors and coaches who actually care about your success.

5

Get Hired! - Additional Benefit

As an added benefit, you'll also have access to CV and LinkedIn guidance at no additional cost. This support helps you present your new qualification and experience clearly to civilian employers.

Who Can Apply?

ELCAS is designed for members of the Armed Forces, veterans, and service leavers - essentially, anyone who has served and is ready to make the leap into the professional world with skills that employers can't ignore.

This is for:

- **Serving personnel** from the Royal Air Force, British Army, Royal Navy, and Royal Marines.
- **Service leavers** who have recently hung up their boots and are eager to upgrade their skills.
- **Veterans** who left the military within the last five years.

Funding amounts depend on how long you served:

- **Less than 7 years?** You can claim up to £1,000 per year for three years or £3,000 in one year.
- **More than 7 years?** Your claim can go up to £2,000 per year for three years, or £6,000 in one year.

Remember:

ELCAS funding lasts for five years after leaving service, don't miss your window.

Our ELCAS Approved Courses

Your military skills got you this far; now it's time to back them up with qualifications that open doors. These ELCAS-approved courses are handpicked to jumpstart your career, sharpen your expertise, and make you stand out to employers with recognised qualifications. CYBER SECURITY

Cyber Security focuses on protecting systems, networks, and data from threats and unauthorised access. These skills support organisations in managing risk, security controls, and incident response. Roles typically include **Cyber Security Analyst, SOC Analyst, and Security Operations Technician.**

Sound familiar?

- You think critically & pay close attention to detail.
- You are interested in how systems can be protected & secured.
- You stay calm when responding to problems or incidents.

Your day-to-day would involve:

- Monitoring systems & networks for security threats.
- Supporting cyber security controls, access management, & risk mitigation.
- Responding to security incidents & documenting findings.
- Maintaining security policies, procedures, & compliance records.

This one's for you.

COURSES INCLUDE:

- **CompTIA Security+**
- **CompTIA Cybersecurity Analyst (CySA+)**
- **CompTIA Penetration Testing (PenTest+)**
- **CompTIA SecurityX**

MANAGEMENT & LEADERSHIP (CMI)

If you want to manage teams, departments, or entire organisations, this is for you. These courses teach you how to lead people, make smart decisions, and improve performance. As you progress, you can move into roles like **Team Leader, Operations Manager, or Senior Executive.**

Sound familiar?

- You are a clear & confident communicator.
- You think proactively & strategically.
- You are organised & comfortable delegating responsibility.

Your day-to-day would involve:

- Overseeing & managing individuals within your team.
- Making decisions that contribute to organisational performance.
- Communicating with team members, key stakeholders, & clients.

This one's for you.

COURSES INCLUDE:

- **Level 3 Award/Certificate/Diploma in Principles of Management & Leadership**
- **Level 4 Award/Certificate/Diploma in Principles of Management & Leadership**
- **Level 5 Award/Certificate/Diploma in Principles of Management & Leadership**
- **Level 6 Diploma in Professional Management & Leadership Practice**
- **Level 7 Diploma in Strategic Management & Leadership Practice**

HR & PEOPLE MANAGEMENT (CIPD)

This area focuses on managing and supporting the people side of business: hiring, training, employee wellbeing, and organisational development. You'll build skills to become an **HR Advisor, Recruitment Consultant, or Learning and Development Officer**.

Sound familiar?

- You are organised & people-focused.
- You communicate clearly & handle sensitive information with confidence.
- You are comfortable working with policies, processes, & compliance.

This one's for you.

Your day-to-day would involve:

- Supporting recruitment, onboarding, & employee lifecycle activities.
- Advising on HR policies, procedures, & employment best practice.
- Maintaining accurate employee records & HR documentation.
- Supporting performance management, wellbeing, & people development initiatives.

COURSES INCLUDE:

- **CIPD Level 3 Foundation Certificate in People Practice**
- **CIPD Level 5 Associate Diploma in People Management**
- **CIPD Level 5 Associate Diploma in Organisational Learning & Development**

PROJECT MANAGEMENT

Project Management is all about making sure projects get done on time, on budget, and just right. Whether you're coordinating a small team or leading a big initiative, you'll learn how to plan, organise, and solve problems to keep everything running smoothly. Careers here include **Project Coordinator, Project Manager, and Programme Manager** across industries.

Sound familiar?

- You are confident communicating & delegating responsibility.
- You value planning, structure, & staying organised.
- You approach problems methodically while keeping sight of the wider objective.

This one's for you.

Your day-to-day would involve:

- Overseeing & coordinating all aspects of a project from start to completion.
- Communicating with stakeholders, managing risk, resolving issues, & supporting delivery.
- Tracking milestones & budgets, facilitating team collaboration, & ensuring quality & compliance.

COURSES INCLUDE:

- **PRINCE2® Foundation**
- **PRINCE2® Practitioner**
- **AgilePM® Foundation**
- **AgilePM® Practitioner**
- **PRINCE2 Agile® Foundation**
- **PRINCE2 Agile® Practitioner**
- **MSP® Foundation**
- **MSP® Practitioner**
- **APM Project Fundamentals Qualification (PFQ)**
- **APM Project Management Qualification (PMQ)**
- **Change Management Foundation**
- **Change Management Practitioner**

IT & DATA ANALYSIS

This pathway combines core IT support skills with data analysis capabilities used across modern organisations. It focuses on maintaining systems, supporting users, and working with data to inform decisions, improve performance, and support business operations.

Roles typically include **IT Support Technician, IT Analyst, Junior Data Analyst, Reporting Analyst, and Systems Support roles.**

Sound familiar?

- You are a methodical & logical thinker.
- You have strong active listening skills & a natural curiosity.
- You work well with others & enjoy problem-solving.

This one's for you.

Your day-to-day would involve:

- Providing technical support to end users & internal systems.
- Maintaining & supporting computer systems, networks, & IT infrastructure.
- Working with data to produce reports, insights, & performance information.
- Recording documentation, IT assets, configurations, & technical procedures to maintain a knowledge base.

COURSES INCLUDE:

- **CompTIA A+**
- **CompTIA Network+**
- **CompTIA Data+**
- **CompTIA DataAI**
- **CompTIA DataSys+**
- **CompTIA CloudNetX**
- **CompTIA Cloud Essential+**
- **CompTIA Linux+**
- **CompTIA Cloud+**
- **CompTIA Server+**
- **ITIL® 4 Foundation**
- **CompTIA Tech+**

BUSINESS ANALYSIS

If you're interested in understanding how organisations work and improving how they operate, this area is a strong fit. These courses focus on analysing business needs, identifying problems, and supporting informed decision-making through clear requirements and insight.

As you progress, you can move into roles such as **Business Analyst, Junior Business Analyst, Requirements Analyst, or Change Analyst.**

COURSES INCLUDE:

- **BCS Business Analysis Foundation**
- **BCS Business Analysis Practice Practitioner**
- **BCS Requirements Engineering Practitioner**
- **BCS Modelling Business Processes Practitioner**

****If you complete all four courses, you are awarded the BCS International Diploma in Business Analysis.*

LEAN SIX SIGMA

Lean Six Sigma is about making businesses work better and faster by cutting waste and improving processes. You'll learn practical tools to analyse and fix inefficiencies, before moving on to careers like **Process Improvement Analyst, Quality Manager, and Operations Specialist.**

- COURSES INCLUDE:**
- **Lean Six Sigma Yellow Belt**
 - **Lean Six Sigma Green Belt**

Got Questions? We've Got You.

Wondering how ELCAS works, who's eligible, or what the claim process looks like? Let's clear things up for you.

FAQs

What exactly is ELCAS?

It's a government scheme that helps you pay for professional training after your service. Think of it as funding for your next career move.

Who can claim ELCAS funding?

Serving personnel, recent service leavers, and veterans who left within the last five years. If you've worn the uniform, you probably qualify.

How do I apply?

First, register with your local Education Centre or Single Service Representative. Then submit your claim on the official ELCAS website. We'll help guide you through it.

Can I use ELCAS for any course?

Almost! You need to pick from approved courses like the ones we offer. They're all designed to enhance your career.

Is the whole course funded?

ELCAS covers 80% of your course fees up to your credit limit. You'll be responsible for the remaining 20%. We'll help you understand what that means for your course choice once you get started.

How long do I have to use my credits?

You have five years after leaving service to use your credits, so don't wait too long!

What support does ITonlinelearning provide?

From helping pick the right course and guiding your claim to coaching you through your studies and even helping with CVs and job search, we're with you all the way.

ELCAS Success Stories

★ Trustpilot Rated 4.8 out of 5 stars based on over 8,000 reviews

Christopher Robinson

"ITonlinelearning has enabled me to learn at my pace with their selfless support from the team, both personally and with the support of the training content online."

Dai Hurford

"I used ITonlinelearning for my ELCAS Credits to do Project Management & Cybersecurity courses. The sign up was extremely easy with the team assisting me through the whole process."

Dwayne Murray

"The sign up process was really easy, they know everything about the ELCAS process which was really helpful. I would highly recommend ITonlinelearning, especially for those using ELCAS."

Oliver Yeaman

"Absolutely fantastic, they directed me where I needed to go for what I wanted to achieve out of these courses. It was particularly great to see the option to bundle your courses."

Thomas Hawthorne

"I've been doing the PRINCE2 & Agile Project Management bundle, through my Enhanced Learning Credits. ITonlinelearning has made it really, really easy for the transition from ELCAS."
